

AMMCS

THE VI AMMCS INTERNATIONAL CONFERENCE

Waterloo, Ontario, Canada | August 15-19, 2022

We look forward to welcoming you in 2022 to the next exciting event in the Interdisciplinary AMMCS Conference Series.

The AMMCS Conference Series aims at promoting interdisciplinary research and collaboration involving mathematical and computational sciences, highlighting recent advances in Applied Mathematics, Modelling and Computational Science (AMMCS).

It is a forum for exchange of ideas in mathematical and computational sciences, as well as their applications in natural and social sciences, engineering and technology, industry and finance. From its inception this conference series has been organized in cooperation with AIMS and SIAM and supported by the Fields Institute.

The 2022 Summer School for students will be run in conjunction with the conference.
